UNIVERSITY @50 COLLEGE OF HEALTH SCIENCES STEERING COMMITTEE

The University of Nairobi was “born” on July 1, 1970, separating from what was to become Makerere University and University of Dar-es-Salaam. The period July 1, 2020 to June 30, 2021 provides the University with an opportunity for a year of events, activities and reflections as the University together with its alumni, collaborators and stakeholders celebrate its Jubilee Year.

The celebrations will be carried out at all levels of the University including Departments, Schools, Colleges, and University-wide engaging all members of the University Community.

Pursuant to this, I am pleased to appoint you as the Chairperson to the above-named Committee with effect from the date of this letter.

The other members of the Committee are:

The overall goal of the College Steering Committee is to develop and execute a framework for successful University @ 50 celebrations across the College Units including Schools, Institutes and Departments.

The planned activities and events constituting the Terms of Reference (ToR) of the Steering Committee are stipulated in the attached Concept Note.

Let us regularly consult to ensure that the College shares with the local and international community fraternity its best for which it is known for.

I wish you all the best in this undertaking.
